

BUILDING TRADES CERTIFICATE

SBC's Building Trades Program follows curriculum guidelines set forth by the Associated General Contractors of America and the National Center for Construction and Education and Research (NCEER).

Students who successfully complete the program leave with a solid foundation as entry-level carpenters. Jobs that await them are many as demand are high for motivated individuals here locally and elsewhere with building contractors, lumber yards and maintenance shops.

1. The student will prepare building site according to building plan.
2. The student will demonstrate the proper use of hand and power tools.
3. The student will be able to layout and construct exterior wall sections and roofing according to a building plan.
4. The student will be able to install interior walls and ceilings, doors and trim, and cabinets and special built-ins according to building plan.
