

PRESIDENT'S MESSAGE

Mitakuyepi

Greetings!

On behalf of Sitting Bull College (SBC) administration, staff, faculty, and Board of Trustees, I offer a heartfelt welcome to our SBC Bulletin. Sitting Bull College is a great place to start and complete your higher education journey. We hope that your educational experience will be impactful and rewarding to you throughout your life.

We are proud of the curriculum and services that we provide to our students. Our faculty, staff, and advisors are ready to answer any questions and assist all students towards success and accomplishing goals. SBC is successful when our students are successful.

The SBC Bulletin contains information on how to be a successful student. Please read and utilize the information to answer your academic and student-centered questions. The SBC Bulletin shares a snapshot of SBC with our visitors and potential students.

Students, you are a dream come true of the founders of the Tribal College movement way back in the 1970's. You are who our ancestors prayed for, a part of the future generations. Strive to be all you can be. Show up every day and do the work. Before you know it, you will have accomplished your goals. Your hard work will pay off and your family will benefit as well. Sitting Bull College is better because you showed up and are here now.

Mitakuye Oyasin

Dr. Tomi Kay Phillips
